

# Index of Authors

## VOLUME 86 (1993)

(Authors from abstracts from Society Proceedings are not included)

- Abe, M., see Niiyama, Y. (86) 247
- Alho, K., Kujala, T., Paavilainen, P., Summala, H. and Näätänen, R.  
Auditory processing in visual brain areas of the early blind:  
evidence from event-related potentials (86) 418
- Anderson, R.L., see Creel, D.J. (86) 138
- Antal, A., Bodis-Wollner, I., Ghilardi, M.F., Glover, A., Mylin, L.  
and Toldi, J.  
The effect of levo-acetyl-carnitine on visual cognitive evoked  
potentials in the behaving monkey (86) 268
- Arendt, G., Hefter, H. and Jablonowski, H.  
Acoustically evoked event-related potentials in HIV-associated  
dementia (86) 152
- Balestra, V., see Sannita, W.G. (86) 275
- Ball, D., see Wilson, S.J. (86) 69
- Ball, W.A., see Sanford, L.D. (86) 438
- Basile, L.F.H., see Rogers, R.L. (86) 344
- Beckmann, P., see Röschke, J. (86) 348
- Begleiter, H., see Cohen, H.L. (86) 368
- Blume, W.T. and Kaibara, M.  
The start-stop-start phenomenon of subdurally recorded seizures  
(86) 94
- Bodis-Wollner, I., see Antal, A. (86) 268
- Bolaños, J., see Towle, V.L. (86) 1
- Bourbon, T.W., see Rogers, R.L. (86) 344
- Bourriez, J.L., see Dujardin, K. (86) 353
- Bruneau, N., Roux, S., Guérin, P., Garreau, B. and Lelord, G.  
Auditory stimulus intensity responses and frontal midline theta  
rhythm (86) 213
- Burgess, A. and Gruzelier, J.  
Individual reliability of amplitude distribution in topographical  
mapping of EEG (86) 219
- Busacker, N.E., see Lagerlund, T.D. (86) 7
- Buzsáki, G., see Jandó, G. (86) 100
- Cakmur, R., see Towle, V.L. (86) 1
- Cerullo, A., see Sforza, E. (86) 161
- Cicora, K.M., see Lagerlund, T.D. (86) 7
- Cirignotta, F., see Sforza, E. (86) 161
- Coats, M., see Jabbari, B. (86) 145
- Cohen, H.L., Porjesz, B. and Begleiter, H.  
The effects of ethanol on EEG activity in males at risk for  
alcoholism (86) 368
- Connolly, J.F.  
The influence of stimulus intensity, contralateral masking and  
handedness on the temporal N1 and the T complex components  
of the auditory N1 wave (86) 58
- Creel, D.J., Holds, J.B. and Anderson, R.L.  
Auditory brain-stem responses in blepharospasm (86) 138
- Defebvre, L., see Dujardin, K. (86) 353
- Derambure, P., see Dujardin, K. (86) 353
- Deuschl, G., see Toro, C. (86) 167
- DiBon, G., see Sannita, W.G. (86) 275
- Dierks, T., Engelhardt, W. and Maurer, K.  
Equivalent dipoles of FFT data visualize drug interaction at  
benzodiazepine receptors (86) 231
- Dujardin, K., Derambure, P., Defebvre, L., Bourriez, J.L., Jacques-  
son, J.M. and Guieu, J.D.  
Evaluation of event-related desynchronization (ERD) during a  
recognition task: effect of attention (86) 353
- Dvorak, I., see Wackermann, J. (86) 193
- Eisenberg, H.M., see Rogers, R.L. (86) 344
- Engelhardt, W., see Dierks, T. (86) 231
- Erickson, B.J., see Lagerlund, T.D. (86) 7
- Eskola, H., see Häkkinen, V. (86) 294
- Etlinger, S.C., see Petsche, H. (86) 385
- Evans, B.M.  
Cyclical activity in non-rapid eye movement sleep: a proposed  
arousal inhibitory mechanism (86) 123
- Fell, J., see Röschke, J. (86) 348
- Fenton, G.W., see Sloan, E.P. (86) 361
- Filz, O., see Petsche, H. (86) 385
- Frank, S.A., see Towle, V.L. (86) 1
- Galimberti, C.A., see Manni, R. (86) 322
- Gallagher, B.B., see Murro, A.M. (86) 88
- Garreau, B., see Bruneau, N. (86) 213
- Gasser, T., see Schreiter-Gasser, U. (86) 15
- Ghilardi, M.F., see Antal, A. (86) 268
- Glover, A., see Antal, A. (86) 268
- Glue, P., see Wilson, S.J. (86) 69
- Gordon, B., see Nathan, S.S. (86) 183
- Gordon, C.R. and Oksenberg, A.  
Spontaneous nystagmus across the sleep-wake cycle in vegetative  
state patients (86) 132
- Gotman, J., see Qu, H. (86) 79
- Gregory, R.P., Oates, T. and Merry, R.T.G.  
Electroencephalogram epileptiform abnormalities in candidates  
for aircrew training (86) 75
- Gruzelier, J., see Burgess, A. (86) 219
- Grzeszczuk, R., see Towle, V.L. (86) 1
- Guérin, P., see Bruneau, N. (86) 213
- Guieu, J.D., see Dujardin, K. (86) 353
- Guster, K., see Smith, M.E. (86) 335
- Häkkinen, V., Hirvonen, K., Hasan, J., Kataja, M., Värri, A., Loula,  
P. and Eskola, H.  
The effect of small differences in electrode position on EOG  
signals: application to vigilance studies (86) 294
- Hallett, M., see Toro, C. (86) 167
- Harding, G.W.  
An automated seizure monitoring system for patients with in-  
dwelling recording electrodes (86) 428
- Hasan, J., see Häkkinen, V. (86) 294
- Hefter, H., see Arendt, G. (86) 152

- Heil, M., see Hennighausen, E. (86) 199  
Hennighausen, E., Heil, M. and Rösler, F.  
A correction method for DC drift artifacts (86) 199  
Hirvonen, K., see Häkkinen, V. (86) 294  
Hishikawa, Y., see Niyama, Y. (86) 247  
Holds, J.B., see Creel, D.J. (86) 138  
Horváth, Z., see Jandó, G. (86) 100
- Inlow, M., see Makeig, S. (86) 23  
Inouye, T., Shinosaki, K., Iyama, A. and Matsumoto, Y.  
Localization of activated areas and directional EEG patterns during mental arithmetic (86) 224  
Ito, M., see Mutoh, K. (86) 205  
Iyama, A., see Inouye, T. (86) 224
- Jabbari, B., Coats, M., Salazar, A., Martin, A., Scherokman, B. and Laws, W.A.  
Longitudinal study of EEG and evoked potentials in neurologically asymptomatic HIV infected subjects (86) 145  
Jablonowski, H., see Arendt, G. (86) 152  
Jack, Jr., C.R., see Lagerlund, T.D. (86) 7  
Jacquesson, J.M., see Dujardin, K. (86) 353  
Jandó, G., Siegel, R.M., Horváth, Z. and Buzsáki, G.  
Pattern recognition of the electroencephalogram by artificial neural networks (86) 100  
Jonkman, E.J., see Veldhuizen, R.J. (86) 377
- Kaibara, M., see Blume, W.T. (86) 94  
Katja, M., see Häkkinen, V. (86) 294  
Kaufman, L., see Wang, J.-Z. (86) 36  
King, D.W., see Murro, A.M. (86) 88  
Kitamura, J., Shibasaki, H. and Kondo, T.  
A cortical slow potential is larger before an isolated movement of a single finger than simultaneous movement of two fingers (86) 252  
Kitamura, J., Shibasaki, H., Takagi, A., Nabeshima, H. and Yamaguchi, A.  
Enhanced negative slope of cortical potentials before sequential as compared with simultaneous extensions of two fingers (86) 176  
Kondo, T., see Kitamura, J. (86) 252  
Kujala, T., see Alho, K. (86) 418
- Lagerlund, T.D., Sharbrough, F.W., Jack, Jr., C.R., Erickson, B.J., Strelow, D.C., Cicora, K.M. and Busacker, N.E.  
Determination of 10–20 system electrode locations using magnetic resonance image scanning with markers (86) 7  
Larsen, L.H., see Moe, K.E. (86) 238  
Laws, W.A., see Jabbari, B. (86) 145  
Leahy, R.M., see Mosher, J.C. (86) 303  
Lehmann, D., see Wackermann, J. (86) 193  
Leird, G., see Bruneau, N. (86) 213  
Lesser, R.P., see Nathan, S.S. (86) 183  
Levin, D.N., see Towle, V.L. (86) 1  
Lewis, P.S., see Mosher, J.C. (86) 303  
Littelton, W., see Murro, A.M. (86) 88  
Loula, P., see Häkkinen, V. (86) 294  
Lugaresi, E., see Sforza, E. (86) 161  
Lukashev, A., see Raeva, S. (86) 110
- Maeda, T., see Saibara, T. (86) 329  
Makeig, S. and Inlow, M.  
Lapses in alertness: coherence of fluctuations in performance and EEG spectrum (86) 23  
Makeig, S.  
Auditory event-related dynamics of the EEG spectrum and effects of exposure to tones (86) 283  
Mann, G.L., see Sanford, L.D. (86) 438
- Manni, R., Ratti, M.T., Perucca, E., Galimberti, C.A. and Tartara, A.  
A multiparametric investigation of daytime sleepiness and psychomotor functions in epileptic patients treated with phenobarbital and sodium valproate: a comparative controlled study (86) 322  
Marotta, V., see Sannita, W.G. (86) 275  
Martin, A., see Jabbari, B. (86) 145  
Masur, H., Papke, K. and Oberwittler, C.  
Suppression of visual perception by transcranial magnetic stimulation — experimental findings in healthy subjects and patients with optic neuritis (86) 259  
Matsumoto, J., see Toro, C. (86) 167  
Matsumoto, Y., see Inouye, T. (86) 224  
Maurer, K., see Dierks, T. (86) 231  
Meador, K.J., see Murro, A.M. (86) 88  
Mecklinger, A. and Ullsperger, P.  
P3 varies with stimulus categorization rather than probability (86) 395  
Merry, R.T.G., see Gregory, R.P. (86) 75  
Michel, C.M., see Wackermann, J. (86) 193  
Mikawa, H., see Mutoh, K. (86) 205  
Moe, K.E., Larsen, L.H., Prinz, P.N. and Vitiello, M.V.  
Major unipolar depression and mild Alzheimer's disease: differentiation by quantitative tonic REM EEG (86) 238  
Montagna, P., see Sforza, E. (86) 161  
Morrison, A.R., see Sanford, L.D. (86) 438  
Mosher, J.C., Spencer, M.E., Leahy, R.M. and Lewis, P.S.  
Error bounds for EEG and MEG dipole source localization (86) 303  
Murro, A.M., Park, Y.D., King, D.W., Gallagher, B.B., Smith, J.R., Meador, K.J. and Littelton, W.  
Localization of temporal lobe seizures with quantitative EEG (86) 88  
Mutoh, K., Ito, M., Tsuda, H., Shiraishi, H., Oguro, K., Shirasaka, Y., Okuno, T. and Mikawa, H.  
Depth EEG in mutant epileptic El mice: demonstration of secondary generalization of the seizure from the hippocampus (86) 205  
Mylin, L., see Antal, A. (86) 268
- Näätänen, R., see Alho, K. (86) 418  
Nabeshima, H., see Kitamura, J. (86) 176  
Nathan, S.S., Sinha, S.R., Gordon, B., Lesser, R.P. and Thakor, N.V.  
Determination of current density distributions generated by electrical stimulation of the human cerebral cortex (86) 183  
Neubauer, U., see Schüler, P. (86) 301  
Niyama, Y., Shimizu, T., Abe, M. and Hishikawa, Y.  
Cortical reactivity in REM sleep with tonic mentalis EMG activity induced by clomipramine: an evaluation by slow vertex response (86) 247  
Nutt, D.J., see Wilson, S.J. (86) 69
- Oates, T., see Gregory, R.P. (86) 75  
Oberwittler, C., see Masur, H. (86) 259  
Oguro, K., see Mutoh, K. (86) 205  
Oksenberg, A., see Gordon, C.R. (86) 132  
Okuno, T., see Mutoh, K. (86) 205  
Onishi, S., see Saibara, T. (86) 329
- Paavilainen, P., see Alho, K. (86) 418  
Papanicolaou, A.C., see Rogers, R.L. (86) 344  
Papke, K., see Masur, H. (86) 259  
Park, Y.D., see Murro, A.M. (86) 88  
Perucca, E., see Manni, R. (86) 322  
Petsche, H., Etlinger, S.C. and Filz, O.  
Brain electrical mechanisms of bilingual speech management: an initial investigation (86) 385

- Polich, J. and Squire, L.R.  
P300 from amnesic patients with bilateral hippocampal lesions (86) 408
- Poortvliet, D.C.J., see Veldhuizen, R.J. (86) 377
- Porjesz, B., see Cohen, H.L. (86) 368
- Prinz, P.N., see Moe, K.E. (86) 238
- Qu, H. and Gotman, J.  
Improvement in seizure detection performance by automatic adaptation to the EEG of each patient (86) 79
- Raeva, S. and Lukashev, A.  
Unit activity in human thalamic reticularis neurons. II. Activity evoked by significant and non-significant verbal or sensory stimuli (86) 110
- Ratti, M.T., see Manni, R. (86) 322
- Rinaldi, R., see Sforza, E. (86) 161
- Rogers, R.L., Basile, L.F.H., Papanicolaou, A.C., Bourbon, T.W. and Eisenberg, H.M.  
Visual evoked magnetic fields reveal activity in the superior temporal sulcus (86) 344
- Rosadini, G., see Sannita, W.G. (86) 275
- Röschke, J., Fell, J. and Beckmann, P.  
The calculation of the first positive Lyapunov exponent in sleep EEG data (86) 348
- Rösler, F., see Hennighausen, E. (86) 199
- Ross, R.J., see Sanford, L.D. (86) 438
- Roth, B.J., see Toro, C. (86) 167
- Roux, S., see Bruneau, N. (86) 213
- Rueggsegger, M., see Swerdloff, S.J. (86) 51
- Saibara, T., Maeda, T., Onishi, S. and Yamamoto, Y.  
Long-latency event-related potentials in acute hepatitis patients with severe coagulopathy (86) 329
- Salazar, A., see Jabbari, B. (86) 145
- Sanford, L.D., Morrison, A.R., Ball, W.A., Ross, R.J. and Mann, G.L.  
The amplitude of elicited PGO waves: a correlate of orienting (86) 438
- Sannita, W.G., Balestra, V., DiBon, G., Marotta, V. and Rosadini, G.  
Human flash-VEP and quantitative EEG are independently affected by acute scopolamine (86) 275
- Scherokman, B., see Jabbari, B. (86) 145
- Schreiter-Gasser, U., Gasser, T. and Ziegler, P.  
Quantitative EEG analysis in early onset Alzheimer's disease: a controlled study (86) 15
- Schulemann, H., see Schüler, P. (86) 301
- Schüler, P., Neubauer, U., Schulemann, H. and Stefan, H.  
Brain-stem lesions in the course of a presurgical re-evaluation by foramen-ovale electrodes in temporal lobe epilepsy (86) 301
- Sforza, E., Montagna, P., Rinaldi, R., Tinuper, P., Cerullo, A., Cirignotta, F. and Lugaresi, E.  
Paroxysmal periodic motor attacks during sleep: clinical and polygraphic features (86) 161
- Sharbrough, F.W., see Lagerlund, T.D. (86) 7
- Shibasaki, H., see Kitamura, J. (86) 176
- Shibasaki, H., see Kitamura, J. (86) 252
- Shimizu, T., see Niyama, Y. (86) 247
- Shinosaki, K., see Inouye, T. (86) 224
- Shiraishi, H., see Mutoh, K. (86) 205
- Shirasaka, Y., see Mutoh, K. (86) 205
- Siegel, R.M., see Jandó, G. (86) 100
- Sinha, S.R., see Nathan, S.S. (86) 183
- Sloan, E.P. and Fenton, G.W.  
EEG power spectra and cognitive change in geriatric psychiatry: a longitudinal study (86) 361
- Smith, J.R., see Murro, A.M. (86) 88
- Smith, M.E. and Guster, K.  
Decomposition of recognition memory event-related potentials yields target, repetition, and retrieval effects (86) 335
- Spencer, M.E., see Mosher, J.C. (86) 303
- Spire, J.-P., see Towle, V.L. (86) 1
- Squire, L.R., see Polich, J. (86) 408
- Stefan, H., see Schüler, P. (86) 301
- Strelow, D.C., see Lagerlund, T.D. (86) 7
- Suarez, D., see Towle, V.L. (86) 1
- Summala, H., see Alho, K. (86) 418
- Swerdloff, S.J., Rueggsegger, M. and Wakai, R.T.  
Spatiotemporal visualization of neuromagnetic data (86) 51
- Takagi, A., see Kitamura, J. (86) 176
- Tan, K., see Towle, V.L. (86) 1
- Tartara, A., see Manni, R. (86) 322
- Thakor, N.V., see Nathan, S.S. (86) 183
- Tinuper, P., see Sforza, E. (86) 161
- Toldi, J., see Antal, A. (86) 268
- Toro, C., Matsumoto, J., Deuschl, G., Roth, B.J. and Hallett, M.  
Source analysis of scalp-recorded movement-related electrical potentials (86) 167
- Towle, V.L., Bolaños, J., Suarez, D., Tan, K., Grzeszczuk, R., Levin, D.N., Cakmur, R., Frank, S.A. and Spire, J.-P.  
The spatial location of EEG electrodes: locating the best-fitting sphere relative to cortical anatomy (86) 1
- Tsuda, H., see Mutoh, K. (86) 205
- Ullsperger, P., see Mecklinger, A. (86) 395
- Väri, A., see Häkkinen, V. (86) 294
- Veldhuizen, R.J., Jonkman, E.J. and Poortvliet, D.C.J.  
Sex differences in age regression parameters of healthy adults: normative data and practical implications (86) 377
- Vitiello, M.V., see Moe, K.E. (86) 238
- Wackermann, J., Lehmann, D., Dvorak, I. and Michel, C.M.  
Global dimensional complexity of multi-channel EEG indicates change of human brain functional state after a single dose of a nootropic drug (86) 193
- Wakai, R.T., see Swerdloff, S.J. (86) 51
- Wang, J.-Z., Kaufman, L. and Williamson, S.J.  
Imaging regional changes in the spontaneous activity of the brain: an extension of the minimum-norm least-squares estimate (86) 36
- Williamson, S.J., see Wang, J.-Z. (86) 36
- Wilson, S.J., Gluc, P., Ball, D. and Nutt, D.J.  
Saccadic eye movement parameters in normal subjects (86) 69
- Yamaguchi, A., see Kitamura, J. (86) 176
- Yamamoto, Y., see Saibara, T. (86) 329
- Ziegler, P., see Schreiter-Gasser, U. (86) 15

# Index of Subjects

## VOLUME 86, 1993

(Abstracts from Society Proceedings are not included)

### Age

- EEG and cognitive changes in geriatric psychiatry, 361
- sex differences in age regression parameters, 377

### AIDS, *see* HIV infection

### Alcoholism

- risk for alcoholism and ethanol effects on EEG, 368

### Alertness

- performance fluctuations and EEG spectrum, 23

### Alpha rhythm

- ethanol effects on EEG, 368

### Alzheimer's disease

- EEG and cognitive changes, 361
- quantitative EEG, 15
- quantitative REM EEG, 238

### Amnesia, P300 and hippocampal lesions, 408

### Antiepileptic drugs

- sleepiness and psychomotor functions, 322

### Arousal

- cyclical activity in NREM sleep, 123

### Arterial ketone body ratio

- ERPs in acute hepatitis patients, 329

### Artifact elimination

- correction method for DC drifts, 199

### Attention

- EEG and bilingual speech management, 385
- event-related desynchronization and memory, 353
- posterior areas, auditory processing and blindness, 418

### Auditory evoked potentials

- auditory event-related spectral dynamics, 283
- auditory stimulus intensity responses, 213
- factors affecting auditory N1 components, 58

### Auditory processing

- and posterior areas in blindness, 418
- EEG and bilingual speech management, 385

### Auditory stimuli

- P3 varies with stimulus categorization, 395

### Automatic detection

- automated seizure monitoring system, 428
- improvement in seizure detection, 79
- pattern recognition of EEG by neural networks, 100

### Back-propagation

- pattern recognition of EEG by neural networks, 100

### BAEPs, *see* Brain-stem auditory evoked potentials

### Benzodiazepines and equivalent dipoles, 231

### Bereitschaftspotential

- and sequential movement, 176
- single vs. two finger movements, 252
- sources of movement-related potentials, 167

### Bilingual speech management and EEG, 385

### Blepharospasm and BAEPs, 138

### Blindness, posterior areas and auditory processing, 418

### Book reviews, 78, 141, 217, 357, 446

### Brain-stem auditory evoked potentials in blepharospasm, 138

### Brain-stem lesions

- risks of re-evaluation in temporal lobe surgery, 301

### Categorization

- P3 varies with stimulus categorization, 395

### Cholinergic mechanisms

- effects of scopolamine on flash-VEP and EEG, 275
- levo-acetyl-carnitine and visual P300 in monkeys, 268

### Clomipramine

- cortical reactivity in REM sleep, 247

### Coagulopathy

- ERPs in acute hepatitis patients, 329

### Cognitive deficits

- in geriatric psychiatry, 361
- in HIV-associated dementia, 152

### Cognitive processes

- and levo-acetyl-carnitine in monkeys, 268
- event-related desynchronization and memory, 353

### Coherence analysis

- performance fluctuations and EEG spectrum, 23

### Computed EEG topography, *see* Topographic mapping

### Correlations

- effects of scopolamine on flash-VEP and EEG, 275

### Current density in electrical stimulation, 183

### Current dipole or source, *see* Generators

### DC potential shift correction method, 199

### Dementia

- EEG and cognitive changes in geriatric psychiatry, 361
- ERPs in HIV-associated dementia, 152

### Depression

- in geriatric psychiatry, 361
- quantitative REM EEG, 238

### Depth EEG in mutant epileptic El mice, 205

### Dimensional complexity of multichannel EEG, 193

### Dipole localization

- electrode locations and cortical anatomy, 1
- equivalent dipoles and benzodiazepines, 231
- error bounds for source localization, 303

### Discriminant analysis

- qEEG and temporal lobe seizure localization, 88

### Discrimination

- P3 varies with stimulus categorization, 395

### EEG

- and cognitive changes in geriatric psychiatry, 361
- auditory event-related spectral dynamics, 283
- auditory stimulus intensity responses, 213

- bilingual speech management, 385
- calculation of Lyapunov exponent, 348
- correction method for DC drifts, 199
- determination of 10-20 system electrode locations, 7
- dimensional complexity of multichannel EEG, 193
- during mental arithmetic, 224
- effects of scopolamine, 275
- electrode locations and cortical anatomy, 1
- epileptiform abnormalities in air crew candidates, 75
- equivalent dipoles and benzodiazepines, 231
- error bounds for source localization, 303
- ethanol effects and risk for alcoholism, 368
- factors affecting auditory N1 components, 58
- improvement in seizure detection, 79
- in Alzheimer's disease, 15
- in HIV-infected patients, 145
- pattern recognition of EEG by neural networks, 100
- performance fluctuations, 23
- quantitative REM EEG in depression and AD, 238
- reliability of EEG amplitude distribution, 219
- sex differences in age regression parameters, 377
- start-stop-start phenomenon, 94
- temporal lobe seizure localization, 88
- Elderly, *see* Age
- Electrical stimulation and current density, 183
- Electrode placement
  - and cortical anatomy, 1
  - and EOG signals, 294
  - in 10-20 system, 7
- Electrode stability
